Letter no. ¹²¹³ Date 20/07/2026

From
Dr. Poma Tudu, IAS
Managing Director
To

All Collectors.

Sub: Farmer Registration for ensuing procurement of Ragi (Kharif crop) for the KMS 2026-27.

Madam/Sir,

I am to say that in the State, we have one procurement season for Ragi i.e. Kharif in which the State Government through its agency, Tribal Development Cooperative Corporation of Odisha Ltd. (TDCCOL), procures surplus Ragi of farmers by way of payment of Minimum Support Price (MSP) for their produce.

1. Farmer Registration- A mandatory Requirement: Online registration of farmers across the State was started from KMS 2018-19. It is a mandatory process which requires every farmer willing to sell surplus Ragi at MSP to Government are needed to register with the nearest authorized Block Level Procurement Agency (BLPA) i.e. PACS/ LAMPCS/ FPOs/ WSHG Federations/WSHG empanelled during KMS 2025-26. These BLPAs are empanelled to undertake Ragi procurement operations on its behalf, for which they receive commission fees. BLPAs digitize the information submitted by farmers as regards their personal/ land details and upload these data on the website, www.mpas.tdcccodisha.org, through the web-based Farmer Registration software application. As a result, before the start of procurement season each BLPAs is ready with a list of farmers along with their marketable surplus to commence procurement operations. Ragi will be procured from the farmers at the rate of **10 quintals per Hectare** (4 Quintals per Acre). If required, this may be revised on the basis of assessment of crop yield by the CDAO of the districts and approvals by the Collector & District Magistrate. This supports effective and advanced planning for managing Ragi procurement operations during KMS 2026-27. **It has been decided that all farmers willing to sell their surplus Ragi have to be registered afresh, i.e. no renewal is allowed, and farmers have to provide all details personal and land information again.**

For this Kharif season, farmers will give their consent for both Aadhaar eKYC based registration and Aadhaar eKYC based payment

Poma Tudu

through IRIS. This year farmer registration will start from 25.07.2026 till 25.08.2026; all related activities must be completed well in time.

2. All 30 districts to participate: Actual procurement of Ragi (Kharif Crop) will start from the **01.01.2027** in the State and will be closing on **31.03.2027**. All 30 districts will conduct farmer registration for procurement of Ragi (Kharif crop) within the timeline fixed herein and will schedule their procurement activities within the broad timelines as above.

3. BLPAs to be registering units: Farmers who wish to sell their surplus Ragi to the Government at MSP during the Kharif procurement season are required to register with their nearest BLPA. *Registration activities will be performed by authorized PACS/ LAMPCS/ FPOs/WSHG federations/ WSHG in their respective jurisdictional areas* operational during 2025-26. Prior registration is a mandatory process. The BLPAs are exclusively responsible for digitising the data provided by farmers and uploading it within the specified timeframe to www.mpas.tdcccodisha.org. Additionally, BLPAs must update their own information in the M-PAS web application before initiating farmer registration.

4. Registration of Farmers: All farmers shall fill up a Farmer Registration Form. A sample form is annexed at **Annexure-I** of this letter. Anybody who submits fraudulent data and any officials who facilitate the use of such data will be debarred from the procurement process and suitably dealt with as per law. **A help desk shall be set up by each BLPAs to guide applicant farmers to fill in the forms.**

BLPAs will hand over the blank registration form to farmers for free and help them to fill up the registration form. Farmers have to submit the filled-in form along with copy of land records, consent form for being Sharecropper and FRA Land Testimonial (**Annexure-II**) for FRA land holders with copy of his/her Aadhaar card at the BLPA office. A farmer is required to provide a mobile phone number, which is a **mandatory** requirement. Registration forms with invalid Aadhaar numbers will be excluded from the eligible farmers list.

- a. TDCCOL Branch Office will print and distribute the Registration Forms to concern BLPAs, thereafter the same will be distributed by the BLPAs at their level and keep at least 50 forms with them at any point of time.
- b. While filling up the Registration Form, a farmer has to mention the extent of the area of a plot actually utilized for the cultivation of Ragi in the ongoing Kharif season. This has to be truthfully furnished.
- c. A sharecropper (*Bhaga Chasi*) is required to obtain a consent letter from the landowner with accurate mobile number and copy of Aadhaar card of landowner and deposit it along with the Registration form. A model form of consent letter is annexed at **Annexure-III**. There shall be no other way for a sharecropper to apply for registration except by way of the landowner's consent. Landowner's consent letter will be uploaded in M-PAS during sharecropper registration.

Panna July

- d. The Collector and District Magistrate will take timely steps to find out on the basis of an inquiry by verifying officers/ teams, the actual extent of area cultivated by registered farmers irrespective of their claims. The district administration shall adopt various mechanisms to find out the veracity of claims with regard to the total area cultivated by farmers and where it is found that inflated claims have been made, farmers concerned will be debarred to sell Ragi to the Government. The Officials who facilitate the entry of inflated claims will also be held accountable for such lapses.
- e. A farmer should be registered in the BLPAS where his/ her land is available irrespective of the actual area of residence in a district.

5. **Screening and Digitisation at BLPA Level:**

- a. Checking at the BLPA level: The BLPA is to check the correctness of the entries in the registration form with copy of RoR, Aadhaar card and consent letter of the landowner (in case of *Bhagchasi*/ sharecropper). BLPAs shall satisfy himself/herself that the applicant farmer has indeed taken up cultivation on the land cited for sale of Ragi and he/she is rightfully related to the recorded tenant(s) as claimed by the applicant. Utmost care must be taken to ensure that uncultivable land types like ଅନାବାଦୀ, ଘରବାଡ଼ି, ପର୍ବତ, ନଦୀ, ଖେଳପଡ଼ିଆ, ରେଳପଥ etc. are not entered in the system. BLPAs shall be held responsible if the applicant's inflated claims are taken into consideration during the registration process.
- b. Digitizing the information in Registration Forms: After checking the Registration Form along with documents, it will be digitized at the BLPA office. Forms will be digitized under the BLPA login provided in the Farmer Registration module.
- c. Farmer willing to sell marketable surplus of Ragi must register themselves in MPAS at the BLPA, by providing AADHAR and details of ragi cultivated area. Krushak Odisha (KO) registration is mandatory for registration of farmer under MPAS. In addition to **Krushak odisha (KO)**, integration of Bhulekh to be made with MPAS for validation of land data. The land verification process of paddy procurement (PPAS) shall be followed in case of ragi procurement (MPAS) also. Basic and land details will be fetched from KO portal. Utmost care must be taken to ensure that uncultivable land types are not entered into the system. Ragi growers cultivated ragi in FRA and sharecroppers are eligible for registration, with relevant document and consent of the landowner in case of sharecroppers (Annexure – II & III). In case of sharecropper registered in KO and wants to change the details of landowner or RoR, then need to update in KO portal before registering in MPAS.
- d. For registration, a separate screen will be provided under BLPA login.

Pama July

e. Along with Aadhaar, a current Mobile number is mandatory before the digitization of a Registration form. During receipt of the Registration Form, the BLPA has to validate Aadhaar and Mobile number in the form receipt section of the online farmer registration module through IRIS.

- i. After entering the Aadhaar information of a farmer, the BLPA has to click the "Validate" button to check the Farmer's Name and Aadhaar number with the UIDAI database *through IRIS device*.
- ii. Similarly, the BLPA has to enter the mobile number mentioned in the registration form after which an OTP will be sent to the registered mobile number from the system. The BLPA has to enter the OTP received in the farmer's mobile for validating the correctness of the mobile number mentioned in the registration form submitted by the farmer.
- iii. Once Aadhaar and Mobile number are validated as per the above process, society can digitize the rest of the information of a farmer in the form provided in the online system.

f. Conflicting Claims: There may be cases where the same plot area is claimed to be cultivated by multiple farmers. The online system will veto claims for inclusion of a particular land, if the combined cultivated area of all the applicant-farmers in respect of the same plot exceeds the total area of the plot as shown in *Bhulekh*/ RoR. Such incongruities are to be addressed at the BLPA level upon checking the genuineness of the conflicting claims.

g. User Manual: A user manual will be provided to the BLPA for data entry work. BLPA must carefully go through the user manual before starting the digitization process.

6. Timelines for various activities at the BLPA level:

- a. Distribution of registration forms shall be done from **23.07.2026**.
- b. Filling up of Registration Forms and submission thereof along with documents shall be done from **25.07.2026**
- c. Digitization of Forms shall be done between **25.07.2026 to 25.08.2026**

7. Verification of registered land details by officials of Revenue, Agriculture & FE and Cooperation dept.:

- a) After registration, physical verification of all registered land (which are not available in *Bhulekh*) will be carried out by officials of Revenue/ Agriculture & FE & Cooperation dept.
- b) Claims as to extent of cultivation of Ragi in respect of all registered farmers shall also be verified.
 - All claims as to extent of actual cultivation made in the application form shall be enquired into by Officers/ teams tasked with the job of inquiry. Actual application forms shall be used for such inquiry. Such teams may preferably be

Panna July

constituted with officials from Revenue/ Agriculture & FE/ Cooperation dept/TDCCOL.

Digitization and field verification must go on simultaneously

- c) Integration of DCS with MPAS portal shall be done for validation.
- d) TDCCOL may also examine land data from DCS/PPAS/ Satellite image, which can be used as secondary layer of validation in Ragi Procurement, if found suitable.
- e) Thereafter suspect plots to be physically verified by Revenue/ Agriculture & FE or through an Application as is the process followed in Paddy Procurement.
- f) After completion of the survey, the Surplus will be generated.
- g) Transmission of Verified Reports: The concerned officials will undertake the field verification of all the registered application and submit the field verification report within one week of registration. It will be sole responsibility of BM TDCCOL to ensure proper field verification by the verification team and also to ensure the field verification report to be submitted and to update the farmer data in the registration database within one week.
- h) The entire work will be completed within the prescribed timelines mentioned by the department which is to be ensured under the active supervision of BM TDCCOL.
- i) In case of any grievance related to farmers, registered farmers may contact the concern BLPAs or Block Agriculture Officials.

08. Verification of Bank Account:

- After the registration process is completed, the Bank related information of the farmers will be validated through Aadhar based payment system at the BLPA level.
- During registration BLPAs to ensure Aadhar to be seeded with Bank account of the farmers in which the MSP amount will be credited.
- In case of any AADHAR not seeded with Bank Account the farmer may contact respective bank for seeding of Aadhar.

09. Training and Supervision:

- Adequate training needs to be provided to all the officials concerned with farmers registration.
- Data base of master trainers from districts needs to be prepared
- Trainings to be conducted in small batches and under the direct supervision of Collectors of concerned districts and BM-TDCCOL/CDAO.

- 10. Monitoring of Registration process:** Overall, Branch Manager TDCCOL shall be responsible for the quality of registration work in their jurisdictional areas. Senior functionaries like Revenue/ Agriculture & FE/ TDCCOL shall also be assigned with specific BLPAs for supervising the registration work. Collectors shall take a review of

Pamela

supervising officers periodically to monitor the progress made in respect of farmer registration and verification of registered data.

- 11. Irish Scanners:** All the BLPAs should be preparedness with the compatible IRIS Scanners in advance for smooth & timely registration process. In case of any issues the BLPAs will be held responsible for any delay.
- 12. Time Schedule:** The time schedule of different components of the registration process is at Annexure-IV. Each and every activity must be completed as per the timelines as prescribed.

Yours faithfully
